Improve Poor Diesel Fuel & get better mileage!

Get New Power Stroke Diesel Fuel Additives – Treat 125 gallons!

With poor quality diesel fuel, your diesel engine runs less efficiently, and results in poor mileage. Get the new fuel additive from Ford to boost your fuel cetane level and minimize poor fuel impact.

Both the Cetane Booster and Anti-Gel additives improve fuel economy and start ability, and deliver smoother engine operation. The larger size provides an economical 5 treatments.

Anti-Gel & Performance Improver

- Helps prevent gelling of diesel fuel in lines, filters and tanks
- Improves starting ability during cold weather
- Improves fuel economy
- Smooths engine operation

PM-18-A (USA)
PM-18-B (CAN)

Cetane Booster & Performance Improver

- Improves fuel economy
- Increases power
- Improves starting ability
- Smooths engine operation

PM-17-A (USA)
PM-17-B (CAN)

Each bottle treats 125 gallons! (5 fill ups)

Improve your diesel engine performance and protect it against the effects of poor fuel. Treat your fuel with the only diesel fuel additive offered by Ford.
